- Comprehensive and relevant coverage ensures this cases and materials book can be used for a range of courses and approaches to the subject
- Commentary and supplementary notes help the student appreciate the implications of the materials presented and engage critically with the complexities of the law
- Adopts a truly international perspective on the law across borders, including examination of non-Western and feminist viewpoints
- Suitable as an accompaniment to a core textbook or for use as a standalone resource

NEW TO THIS EDITION

- All chapters have been revised to incorporate new developments and all major decisions from the ICJ, the ITLOS, arbitration tribunals, the WTO dispute settlement organs, human rights courts, international criminal tribunals and the ICC, among other bodies
- Newly restructured to create a more logical arrangement of chapter and easier navigation for readers.

Cases & Materials on International Law is a topical and engaging companion for study, offering broad coverage on public international law and placing disputes directly within the context of contemporary debate. The book contains the essential cases and materials that students need in order to fully understand and analyse the international legal system, drawing on a truly global range of jurisdictions and sources. Expert author commentary and notes place selected extracts within the wider legal framework and explain the complexities of the principles of law to students.
